BIOGRAPHY

DarkFlow is a metal band from Switzerland that blends heavy thrash metal with elements from 1970s rock, electronic influences, and symphonic arrangements. Their music is characterized by its theatrical and melancholic style, focusing on dark, emotional themes. The band is led by Sean Horror (vocals) and Flow (lead guitarist), who craft what they describe as "a powerful, sad, and painful metal theater."

Their debut album, "Insane Circus", was released in May 2023 and features collaborations with renowned musicians such as Andy LaRocque (of King Diamond) and Snowy Shaw (known for his work with Dimmu Borgir, Therion, and Mercyful Fate). The album is noted for its dramatic and immersive atmosphere, which resonates deeply with fans of cinematic and emotional metal
